House rules

One page for everyone who uses the room. They are part of every usage agreement.

Time

Your time includes set-up and take-down. The latest end is 10 pm. From the agreed end, sound goes down to room volume. Please be considerate of the neighbours.

People

No more people than the confirmation states. As a guide: 20 seated, 20 to 40 standing. Fire safety comes first.

Smoking and flame

Smoke outside only. Candles and open flame only by agreement.

Walls, floors, ceilings

Nothing is drilled, nailed or glued. Nothing stays on walls or floors.

Furniture and kitchen

Move tables and benches as you need, and put them back as you found them. Kitchen and glassware are yours to use during your time: clean them and put them back.

Sound

Speakers and mixer are yours to use during your time. Keep the volume in line with the neighbours and with your agreed end time.

Access

Keys, codes and access details stay with you. Do not pass them on, and report a loss at once. Access details come by email after the agreement is signed.

Passing on

The room is not passed on, sublet or used for events of third parties without our written consent. Your guests and the people you engage are in your care.

Photos

We may photograph the room before and after your time to document its condition. Pictures of your time go on our channels only with your agreement. Ask your guests before you record them.

Before you leave

Sound off at the agreed end time.

Furniture back where you found it, nothing left on walls or floors.

Kitchen and glassware cleaned and put back, floor broom-clean.

Your things with you, door closed, access handed back as agreed.

If something goes wrong

Write to info@3-6-9.studio. We give you our phone number for the day with your confirmation. In an emergency call 112.
